CATERING FAQS

HOW MANY SLICES COME IN A PIE?

Both our round pies and square pies come with 8 big slices. You can also request the pizzas to be double cut or square cut into 16 slices.

HOW MUCH PIZZA SHOULD I ORDER?

It depends on your group, but generally we suggest two slices per person. If it's a group of young kids you can go with slightly less, and if you're feeding a bunch of hungry adults you might want to add a few pies! We have three different preset party packs that are curated for groups of all sizes. You are also welcome to build your own based on your groups needs.

DO YOU DELIVER?

Yes! For standard online orders, we partner with UberDirect to deliver within a 5-mile radius of any location for a $5.50 fee. For catering orders booked through our team, we offer premium delivery and setup within 18 miles, starting at $30. Contact us for a custom quote!
