California Wine Merchant

Established 1974

Wine Shop / Wine Bar / Wine Club

About Us

In 1974, Greg O'Flynn opened his own unique wine shop that was well ahead of its time. The mid '70's were a very exciting time in the California wine industry. Wines from the likes of Caymus, Stag's Leap, Chateau Montelena, and many other notable wineries were brand new at that time and were just a few of the selections in our shop. We loved finding that next great wine before anyone else knows about it – we still do today with our Wine Club.

This original location of CWM was just over on Pierce Street in the Marina District we are in now. The unique floor to ceiling redwood wine racks that are still with us were hand built by Greg himself. Our retail wine shop operated continuously at that original location for 30 years until 2004 when Greg and Deborah moved the business literally just around the corner onto Chestnut Street. We turned what was formerly an outdated neighborhood bar into a destination. The 20 ft long parquet oak bar was re-finished, and Greg and Deborah remodeled and renovated the new location keeping the same look and feel of the original shop. Our thriving Wine Bar was born, adding to our retail wine operation, and our robust Quarterly Wine Club followed.
